SELECTMEN'S REPORT

We respectfully refer you to the financial statement on page 2 of this report. For the convenience of the taxpayers we have this year endeavored to provide a more complete statement of revenues and expenditures. We urge you to study the whole report.

Following public hearings on the necessity of continuing the Double Road crossroad, in view of needed expensive repairs to the covered bridge (pictured on the front cover of this report) the road was discontinued September 1st. After salvage operations the remainder of the bridge was burned. The steel bridge over the Rutland Railroad has been deeded to the railroad by both the Town and the State, and it will be removed by the railroad.

Considerable selected cutting of logs has been done in the Town Forest. The logs have been sold to A.L. Grace & Sons and sawed at the mill at the Beaver Pond old blockpile. The income from the sale of logs can be found in the General Account receipts.

Both abutments of the Gorham Bridge were reconstructed. The west one by the Town of Proctor and the east one by the Town of Pittsford.

The Town dump, which is located on Vermont Marble Company property in the Town of Pittsford, was thoroughly cleaned up and a caretaker was engaged to take care of it. The dump is now open only on the following schedule:—

Sunday	10:00 A.M. to noon
Monday	8:00 A.M. to noon
Tuesday	1:00 P.M. to 6:00 P.M.
Wednesday	1:00 P.M. to 6:00 P.M.
Thursday	Closed all day
Friday	1:00 P.M. to 6:00 P.M.
Saturday	8:00 A. M. to noon

Your cooperation in abiding by the above schedule will be appreciated. The Town of Pittsford also uses this dump and has shared a portion of the expense of maintaining it.

With the financial assistance of the Village a new Chevrolet pick-up truck was purchased for the use of the Road and Water Commissioner.

Following a public hearing, the Selectmen approved the laying out of a highway in the Chatterton Park Development. This is an extension, to the south, of Park Street. Two houses have been built on this new street, Chatterton Park, during the past year.

For a report on the expenditures under direct control of the Selectmen we refer you to the preceding pages.

Please note that the combined welfare payments from the Town and the State Department of Social Welfare amounted to \$17,557.83, an increase of \$480.56 over 1949.

For the convenience of the taxpayers who may wish to confer with the Selectmen, the Board meets regularly in the Town Clerk's Office each Thursday at 5:00 P.M.

To those Townspeople and State Officials who have so generously assisted us during the past year we express our sincere appreciation.

JOSEPH F. SHERLOCK,
FRANK J. OLNEY,
EDWARD W. OLSON,
Selectmen.

HIGHWAY COMMISSIONER'S REPORT

The Selectmen approved the laying out of a public highway in the Chatterton Development, thus adding .71 miles to Town Highways. With the abandonment of the Double Road Crossing, the revised road mileage for Proctor is as follows:

State Highways	1.894 miles
State Aid	8.608 miles
Town Highways	10.152 miles
	<hr/>
	20.654 miles

A very thorough job of cleaning up the accumulation of winter sand was undertaken this year. Also the shoulders of the Florence and West Roads were scraped and cleaned.

The summer work was done early enough so that all claims for aid from the State could be filed and full payments made. The south end of the West Road and the north end of the Florence Road were retreated with tar and local screened gravel. In the Village, Beaver Pond Road, Pearl St., Cain St., Terrace Hill, Taylor Ave., Holden Ave., and portions of Grove St., Warner Ave., and Olympus Road were also retreated. Park St. Extension was given two applications of tar and screened gravel.

During the winter all roads are plowed and sanded as soon as soon as is possible and practicable, with special attention given to the main hills and access to the Hospital. However, during a storm there is no way to keep all roads bare, and the use of chains or rerouting must be expected.

F. J. OLNEY,
Highway Commissioner.

VERMONT DEPARTMENT OF SOCIAL WELFARE

MONTPELIER, VERMONT

In accordance with established custom, we are presenting a summary of State assistance payments during 1950 to individuals applying from Proctor.

These payments are financed entirely from State and Federal sources except Aid to Dependent Children in which the town or city participates to the extent of 12½ percent and committed children for whom the municipality reimburses the State for one half the cost. The cost of all programs continues to reflect the economic consequences of the devaluation of the American Dollar.

Approximately 80 percent of all welfare and assistance in Vermont is paid by the State. Vermont has proportionately fewer individuals receiving aid and smaller average payments than the National average. Ninety-six cents out of each public assistance dollar is paid to recipients and only four cents is used for administration. No other State has a better record.

Old Age Assistance	\$8,264.00
Aid to the Blind	825.00
Aid to Dependent Children	2,880.00
Adult Crippled Aid	276.00
Committed Children	423.24
Total	\$12,668.24

W. ARTHUR SIMPSON,
Commissioner.

HEALTH OFFICER'S REPORT

1950

The following communicable diseases were reported during the year 1950:

Chicken pox.....15
Mumps.....9

There were no cases of Whooping cough or Measles reported.

The absence of Whooping cough and Measles in the town for the year 1950, is deserving of some comment. In the year 1949 an epidemic of Measles swept through this section of the state. At that time intensive immunization of pre-school children for Measles was carried out. It is apparent that the Measles susceptible portion of the local population has had Measles in some form or other, and the remaining portion has acquired a certain degree of immunity. In no better way could the advantage of intelligent and adequate immunization be demonstrated.

Pre-school age youngsters have been immunized against Diphtheria, Whooping cough, Tetanus, and Small pox. This work was done at a Pre-school Clinic sponsored by the P. T. A. Attendance at the clinic, and results obtained have been excellent. In view of the wide spread acceptance of immunization as excellent preventative medicine, some of the now so-called childhood diseases will lose their virulency, if not disappear entirely.

Our town being blessed with an excellent sewage disposal system, and a second to none water supply, gastro-intestinal disease due to contaminated water, is a rare occurrence in Proctor. The past year was no exception.

HENRY J. FREGOSI, M.D.
Health Officer.
February 1, 1951.
